Saga of Annie's Pizza

Annie's Pizza Station, family owned and operated, began in 1994 in a converted gas station in downtown Concrete, which inspired pizza names such as "Diesel," "Regular," "Supreme" and "Unleaded." (Our present location is also a former gas station.) The theme goes much deeper into the old service philosophy of early-day gas stations, when attendants took care to wash windows, hand out travel maps, and provide clean restrooms. We take pride in using quality ingredients, freshly prepared to order. Our pizzas are baked in traditional stone-lined deck ovens, resulting in pizzas with a unique taste and texture. However, this combination of custom-made pizzas and limited oven capacity sometimes results in longer waits than "fast food" pizzas. Be patient and we're sure you'll love the results. Reservations are encouraged!

Happy pizza-ing!!
